CALL FOR APPLICATIONS

The Dipartimento di Scienze dell'Antichità at Sapienza University of Rome has issued a **public call for applications for 3 Positions as Postdoctoral Research Fellow** within the **ERC Project PAGES – Priscian's Ars Grammatica in European Scriptoria: A Millennium of Latin and Greek Scholarship** [Horizon 2020 research and innovation programme, Grant agreement No. 882588, PI Prof. Dr. Michela Rosellini].

Positions:

1. Postdoctoral Research Fellow with research experience in the field of **Latin linguistics and Latin texts of the Late Antiquity**. Language skills requested: excellent command of the English language (preferably mother-tongue); German reading and comprehension; French reading and comprehension; Spanish reading and comprehension. Duration of the grant: 3 years.

Research project: Study of the manuscript tradition of the *Ars Prisciani*; critical and digital edition of 2 books of the *Ars Prisciani* and English translation of books 1-10.

2. Postdoctoral Research Fellow with research experience in **Latin palaeography of the Early Middle Ages and particularly of the Carolingian Age**. Language skills requested: good command of English; German reading and comprehension; French reading and comprehension; Spanish reading and comprehension. Duration of the grant: 3 years.

Research project: Codicological and palaeographical analysis of the 8th-10th-century manuscripts of the *Ars Prisciani*.

3. Postdoctoral/Postgraduate Research Fellow with research experience in the field of the **Greek studies in the Humanistic Age and the circulation of Greek classical texts in Italy 1400-1500**. Language skills requested: good command of English; German reading and comprehension; French reading and comprehension; Spanish reading and comprehension. Duration of the grant: 2 years.

Research project: Textual critical study of the 15th-16th-century manuscripts and printed editions of the *Ars Priscian*, with particular regard to the transmission of the Greek passages of the work.
